

Connect with a Googler

The *Connect with a Googler* program is designed to put you in touch with Googlers who can share their experiences at Google. These volunteers, who are not part of the hiring process, simply want to help provide an insider's perspective on everything from technology to culture, and more.

Interested in setting up a call? First, tell your recruiter what you would like to learn more about. Then, we will try and find a Googler who can answer your questions in an informal, 30-minute phone conversation.*

Relocation

Change can be hard, but with great risk comes great reward. Hear experiences (and tips) from Googlers who have made the move.

Culture

People are Google's secret to success. Googlers are passionate, curious, creative, and sincere about building for everyone. This means a culture of collaborative, helpful people who weave diversity, equity, and inclusion into our daily work. Let us share more about what "Googlyness" means to us.

Community

We work together, not the same. Learn about our grassroot communities that are dedicated to creating a deeper sense of belonging at Google. If you would like to speak to someone about an Employee Resource Group (ERG), let us know which one, and we will put you in touch.
